Fall Celebration Sale

OCTOBER 9, 2021

*1 p.m., Saturday...at the ranch
Rockford, Illinois*

GUEST CONSIGNORS:

C&L Hereford Ranch • JJB Cattle Company • MKS Ranch

10th ANNUAL

Fall Celebration Sale

The Doug Perks Family

Tom, Tammy, Kade and Kendall Boatman

Dear Friends,

WELCOME to our 10th Annual Fall Celebration Sale! After only having a smaller online sale last year, we are excited to welcome you back in person at the ranch this year! It is with great pleasure that we bring this offering to you and feel it exemplifies what we strive for here at Perks Ranch—the sweet balance between efficient, functional cows and exceptional, unique show heifers.

This set of show heifer prospects includes some of the first calves by 2TK PERKS 5101 Chuma 8184 ET, the 2020 JNHE Champion Bull, as well as Chuma's full brother, 2TK PERKS 5101 Cadillac 8039 ET, and they are exciting.

The 30 spring split off pairs are a deep, deep set and one of the best sets of young cows that will sell anywhere this fall. These are right off the top of our program, and several are worthy of being flushed. Be sure to study the heifer calves at side and the service sires represented, as these are our freshest genetics. Take note of Lot 43, the only fall-calving cow in the offering, and boy—is she loaded with opportunity! Also offering two young herd bull prospects, Lots 19A and 21A, as the rest of our bull calves will be offered March 1, 2022 in our Online Bull Sale.

We truly enjoy working as a family on a daily basis (even in the picture pen!) and appreciate the Perks family for providing us this way of life. Once again we welcome the Steve Folkman Family and Jon and Crystal Blin, along with new guest consignor (but not new to the Hereford family) the Max Stotz Family to be a part of this event and appreciate them bringing their absolute best. And lastly, we'd like to thank our valued customers for your continued support and friendship.

The cattle will be available for viewing any time, so if you are in the area, please feel free to stop by for a tour. If you are unable to attend, live internet bidding will be available at LiveAuctions.tv as well. Please check our website or Like our Facebook page for updates. Videos will be posted around 10 days before the sale.

If we can help in any way, please let us know. *We invite you to join us Friday, October 8th, to view the cattle and enjoy dinner with us, and then on Saturday, October 9th, for the sale at 1 p.m.*

Sincerely,

Tom and Tammy Boatman

All persons who attend the sale do so at their own risk. Neither the owners nor the management assume liability, legal or otherwise, for accidents or loss of property.

TERMS OF SALE

Cash or good check. All lots are to be paid for during or immediately after the sale and will not be released until after settlement has been made. The auctioneer will settle any disputes as to bids, and such decision will be final. Cattle will not be transferred until paid for in full. Each animal becomes the purchaser's risk as soon as sold.

GUARANTEE

All registered cattle sell under the Sale Terms and Conditions recommended by the American Hereford Association. See www.hereford.org.

HEALTH

All cattle will sell with proper interstate health certificates for shipping.

TRUCKING

Nick Goings will be available for hire sale day, (765) 586-6541. We will be happy to assist you with trucking arrangements.

INSURANCE

Insurance for your purchases will be available sale day through Jim Bessler Livestock Insurance.

ANNOUNCEMENTS

Announcements made sale day from the auction block will take precedence over statements printed in the sale catalog or other advertising.

EXPECTED PROGENY DIFFERENCES (EPDs)

EPDs are updated weekly by the American Hereford Association, so we cannot guarantee the EPDs listed in the catalog. The EPDs printed are from the Sept. 6, 2021 evaluation of the AHA.

PREGNANCY EXAMINATION INFORMATION

All cattle have been pregnancy examined by a competent veterinarian and are called safe to the AI or pasture dates as best can be determined by advanced palpation. With respect to AI dates, they are not unconditionally guaranteed, other than the fact that they are pregnant. The veterinarian called the sex of the pregnancy on the ones he could; due to timing of some of the pregnancy checking, he could not call all of them.

SALE LOCATION

12526 N. Weldon Road, Rockford, IL 61102

From I-39 Take U.S. 20 West to the IL 2 South exit. Go 0.8 mile, turn right at stoplight to stay on IL 2. Go 3.9 miles, turn right on Meridian Rd. Go 0.4 mile, turn left on McGreggor Rd. Go 1.1 miles, turn right on N. Weldon Rd. Go 0.6 mile to Perks Ranch, on left.

+2.0	+1.9	+55	+90	+19	+46	+76	+52	+06	+292	+114

We should have made this heifer Lot 23, as the kids call her "MJ." I told them if you call her MJ, she has to be elite, because I think Michael Jordan is the greatest of all time. Well, I think I will let them keep calling her MJ!

Mary Jo, "MJ," gives you an exceptional look from every angle you view her. Elegant in her design, soft middle, extremely sound, and boasts a huge spread from BW to YW.

Her dam, 1502, was purchased from Kline Herefords after she was named Champion Polled Female at the Illinois State Fair. She has already produced many champions and past sale toppers that have been successful for the Richardson and Russow families. This mating to Valor may be her best effort to date.

A quote from MJ himself, "Some people want it to happen, some wish it would happen, others make it happen." With Mary Jo, you can make it happen!

As you will see in the next few lots, 4Z is one of our most prominent donors and we think what an ideal Hereford cow should look like. This mating to Chuma hit a home run.

If there has ever been one that reminds us more of 5101 (Chuma's dam) herself, I cannot think of it. Crystal's picture just looks like a mini cow. Big bodied and bold ribbed with a maternal look and quality from end to end. The true cowman will find this one with ease.

Offered with Russow Farms.

This red-eyed Chuma has been a favorite of many who have visited, and she is moving up my list the more she matures. Aspen is really flawless in her design and one that is hard to pick a hole in. She has the eye appeal, stoutness, and structure we all desire! This was a consistent flush, and you will see these heifers' bull mates in our OKC Pen in January.

Offered with Russow Farms.

Elise is another 4Z that is loaded with genetic potential, as Cadillac is becoming one of our favorite sire groups on the ranch. This mating has already proved itself, as a full sister was a high selling lot in last year's sale to Lauren McMillan and was very competitive, winning her class several times this past year. We love the design of this heifer, and she has the right slope to her shoulder that lets her glide as she goes. This heifer keeps getting better each day, and we think she could be very special in the end.

Offered with Russow Farms.

Another 4Z here and sired by the popular Munson, this heifer is destined for greatness. Our first Munson daughters came into production this year, and we are more than pleased with the results—not just here but all across the US.

Matilda is a long bodied smooth fronted heifer that has the right look to compete with the best of them. A full sister is one of our top replacements, so buy with confidence, the guesswork is already done.

Offered with Russow Farms.

- Sells open.

This one is bred to be great. Her granddam, 509, is one of the favorites around the ranch. Her sire, 7112, was the lead bull in our Denver Division Champion Pen of Bulls in 2018 and is a full brother to the dam of Lot 10.

Mis Molly is up headed, bold in her makeup, very athletic, and we love the way she flexes off her pastern. She has a big rib cage and elegant front third. Combine this with her genetic makeup that ranks in the top 5% for CED and Marb and the top 10% for Milk, and she will be a no brainer.

Offered with Pogue Brothers Cattle Company.

- Sells open.

Mercedes exemplifies everything we strive to produce here at Perks Ranch. She is the thickest and deepest bodied, with as much rib shape to her body, as any we have produced. She does this while remaining very sound with a feminine, maternal look. Her dam, Lifesaver, has been a herd bull producer and produced a set of Denver Pen Bulls that sold to Buford Ranches in Oklahoma, Morrell Ranch in California, Jeff Fane in Illinois, and ACE Herefords in Canada. She also produced Tic Tac, who is the dam of Lot 12 and a many-time champion for Noah Benedict. This mating to Cadillac sure clicked, as you will see in Mercedes and Lexus.

Offered with Benedict Herefords.

Lexus is a lot like her sister in her body build and design but maybe a little more bone and a little thicker over her top through her loin. She may lack the niceties of the dark red color and the red eyes but sure doesn't lack the quality. As you study the numbers, these sisters rank in the top 5% for WW and CW and the top 10% for YW and REA. This heifer is destined for greatness as a show heifer and as a cow.

Offered with Benedict Herefords.

Here is one of the special lots in the sale. Her dam is the mother to the popular steer that sold in last year's sale for \$4,500. Her granddam, 2004, is a past North American Division Champion in Louisville. Her sire, Diversified, is also a National Champion, winning the North American in 2019 and being named Show Bull of the Year. Bet on Her has a great hip with a tremendous amount of thickness and top. She is also feminine and elegant when you study her design. Her REA is huge and ranks her in the top 3% of the breed while being better than breed average for BW and CED. This heifer has the genetic makeup and visual quality to make her elite in every aspect.

Offered with S&J Ranch and Frank Graceffa.

+0.7	+4.1	+66	+94	+32	+65	+75	+.63	+.02	+391	+114

Some of the freshest genetics on the ranch, combining Tic Tac and All Around. Tic Tac wrote her own history book as a show heifer and is starting to write one as a cow.

Study Tic Toc's EPD profile, as she is off the charts, ranking in the top 10% for Milk, 5% for WW and M&G, and 1% for REA. Some of her bull mates will be members of our Pen in OKC this next year. Tic Toc is long bodied and big featured with a tremendous look. She is green but time will be her best friend, as she has the look to get it done.

Offered with Benedict Herefords.

- Sells open.

Maternal sister to herd sires Cadillac and Chuma and to the 2021 Illinois State Fair Reserve Champion Horned Heifer, Huntley.

We had to do some arm twisting to get this one in the sale, as she is one of Kendall's favorites. She was the calf at the side of Copper Lady 5101 the summer of 2017 when Kade and Kendall showed them so successfully, including Reserve Champion Cow/Calf at JNHE and Champion Cow/Calf at the North American in Louisville. This red eyed, beautifully constructed female is destined for anyone's front pasture and donor pen. Along with having exceptional udder quality, she ranks in the top 1% for Milk and M&G and in the top 15% for BW and WW.

- Bred AI May 15, 2021 to BR Duncan 4142.
Pasture exposed June 5 to Aug. 21, 2021 to C 5280 Diversified 6121 ET.
Checked SAFE to Duncan, expected due date Feb. 22, 2022.

5045 is a Dam of Distinction, so the guesswork has been proven through her production to be great. There is no doubt that the Copper 124Y daughters are some of the best on the ranch. Study her balanced set of numbers, including top 10% for M&G and top 15% for WW, Milk, and CW. 5045 is also the granddam of Vivi, the June heifer that Kendall showed this summer so successfully, including Third Overall Bred-and-Owned and Fifth Overall Polled Heifer at the Illinois Preview Show and Champion Polled Land of Lincoln at the Illinois State Fair.

Offered by 2TK Cattle Company.

- Bred AI May 3, 2021 to NJW 79Z Z311 Endure 173D ET.
Pasture exposed May 25 to July 23, 2021 to CMF 105X Dr Flash 295D.
Checked SAFE to Endure with a Heifer Calf, expected due date Feb. 10, 2022.

All Around is an outside bull we chose to use last year. He was bred by Don Moler and is now working for Mohican West. 1013 reminds us a lot of her dam with her extended front and length of body while still being stout and big boned. Her Milk EPD of 32 ranks her in the top 10%, but study her teats and folds in her udder design. She will be a special two-year-old!

Offered with Rustic Oaks Farm.

- Sells open.

We get really excited when we start talking about 7036. We think she is one of the better young cows that will sell anywhere this fall. She combines a lot of good pieces in a unique package. So feminine fronted and petite headed yet powerfully constructed with a big body, stout hip, and sound as a cat. Her udder would score a 9-9 in anybody's book. A full sister sold for \$50,000 to C&L as a calf. Definitely a donor cow here and an investment opportunity.

Adeline is the February daughter of Vera and sired by the Ellison bull that was a high seller in the Sandhills spring sale a few years ago. We fully expect 8J to be as maternal and productive as the rest of the Ellison daughters are. When we visited the Double 7 program last spring, one take away was how E149 stamped his daughters and the ideal udders they had, as evidenced by his 1.6 udder and 1.5 teat scores. With her above top 5% rank on Marb and top 10% REA along with a solid EPD profile, one can build on this female.

- Sells open.

Apolo is a calf that was programed to add marbling and calving ease while keeping maternal functionality in his daughters. He has a good quarter and is straight in his lines. This February calf should be ready for service early next spring.

9088, or "Spot" as she is called around our place, is a super two-year-old. Ideal udder, good EPDs and raising an outstanding calf on her first try. This Munson daughter is why we used him AI so heavy on our heifers the last two years. I'm proud of 9088, and the only thing better would be if we had bred her!

- Bred AI June 16, 2021 to JDH AH Benton 8G ET.

When I went through the Perks cow herd three years ago, I was so impressed with all their Duncan daughters in production that I knew right away I needed to use him in my herd. This two-year-old has turned out exactly as I had envisioned—gorgeous fronted, long bodied and heavy milking with an absolutely incredible udder. This is based on the fact that the last four cows in 1G's pedigree have been donors for us at MKS, including the first Hereford cow I ever purchased, Boot Hill Miss Rival 41X. The allstar in that lineup is our can't-miss donor Shiny Pennie. Now add the data that puts her in the top 16% for WW and YW along with top 20% for Marb. You can buy with confidence that *she will work!*

If you haven't heard much about the AI sire Broadway yet, you will. He is a good looking, goggle eyed, dark red, homozygous polled bull with EPDs off the charts. I predict that this mating will be something special.

- Bred AI April 19, 2021 to Churchill Broadway 858F. Checked SAFE, expected due date Jan. 27, 2022.

This nice horned heifer is a testament to how good a job her mother has done raising her. Big, stout, and growthy with that extra bone, 7J is sired by a 2296 son we raised to use on heifers. She ranks in the top half in 17 of the 20 traits and is highlighted by being in the top 15% for REA. You'll love this one when she gets into production.

When deciding what to consign to this sale, I knew they better be exceptional or they would fall through the cracks. Brandi 9G sure fits the description of exceptional. The first thing that you'll like is her pedigree. Sired by the popular 2296, and on the bottom side you will find two high powered donors, MKS Ballerina 24B and STAR KKH SSF Olivia 15U. Not too shabby! Oh, did I mention that 9G is a full sister to Kendall Boatman's "Bella" heifer that she showed very successfully in 2020? All this is impressive alone, but study her EPD profile, highlighted by top 3% REA and top 13% WW and YW. Brandi will help propel any program to the next level.

Brandi will sell with her September heifer calf at side. I clipped Mendel, the sire of her calf, last summer for John Loewen, and after a very short conversation that followed, I quickly decided to use him myself. Homozygous polled, impressive to look at, and his EPD profile is mouthwatering. Top 10% in 15 traits.

Lot 43A Heifer calf born Sept. 8, 2021, sired by Loewen CMF Mendel 7G.
